### **Item Number: 10A2C**

Steadfast, Tried and True are the words to describe the ArmaLite AR-10A2 Carbine. With the 16' barrel and collapsible stock, ArmaLite's innovative mid-length handguard and gas tube technology for perfectly tuned gas flow, and the double-lapped, chrome lined barrel, this heavy caliber carbine is compactible, reliable and accurate. Expect nothing less from any of our carbines.

Also available in AWB(Assault Weapon Ban) configuration.

AWB Model numbers: 10A2C-2 and 10A2CB-2.
