

AR-10 A2 RIFLE - The Infantry Model

[click to see larger image](#)

Item Number: 10A2

The Era of AR Innovation Dawned with the emergence of the ArmaLite AR-10 Service Rifle and continuing design development resulted in the new 7.62mm ArmaLite AR-10A2. An outstanding tactical rifle design coupled with the advantages of a heavier caliber yields a hard hitting firepower combination. No other tactical rifle in this caliber surpasses the ArmaLite AR-10.

Also available in AWB(Assault Weapon Ban) configuration.
AWB Model numbers: 10A2-2 and 10A2B-2.
